Dasa Santhi

Note : Today Date - 14-06-2025

Male Dasa Sandhi: From 24-09-2029 To 24-04-2032 2.58 years

Female Dasa Sandhi : From 03-01-2029 To 03-07-2031 2.50 years

Dasasandhi is the period between the end of one Mahadasa and the beginning of a new Mahadasa in the horoscope. Since each Mahadasa brings changes in many aspects of life, it is best to be aware of it in advance and be prepared to face the challenges. When making big decisions regarding money, relationships, or career, understanding the nature of this period and making decisions helps to avoid major problems. During Dasasandhi, we can examine ourselves and learn to deal with mental struggles.

The 10 Golden Rules of Togetherness

Great relationships don't just happen—they are consciously created with mutual effort, mutual trust, and shared values. These 10 golden rules serve as a code of honor for building deep harmony, understanding, and emotional resilience in any partnership, especially in marriage :

Astro-Music Healing Therapy

Astro Music Healing Therapy is a unique astrological remedy that uses musical mantra chants to harmonize planetary influences and heal emotional distress. By singing the mantras of planets requiring remedies in carefully selected raagas, this therapy helps individuals overcome astrological obstacles, bringing clarity and positivity to their matchmaking journey. Unlike traditional remedies, we use multiple raagas per planet to ensure an engaging and immersive experience, preventing monotony while amplifying the healing effect.

As a leading Astrology-based Marriage Matchmaking & Marriage Decision-making platform, we empower individuals who rely on astrology in their search for a life partner. Even if someone is committed to using other matchmaking services, they can still exclusively benefit from our Astro Music Healing Therapy to resolve planetary mismatches, ensuring they don't miss a wonderful alliance due to astrological concerns. By embracing this remedy, alliance-seeking individuals and their families can find greater confidence, reducing uncertainties and emotional burdens during the marriage decision-making process.
